Brytney Suzanne

PHOTOGRAPHY

Hi!

Congratulations on your engagement! As you plan your upcoming wedding, my hope is to provide some information regarding my services to help make your day extra special.

FAQ's

What makes your photography different from all the rest?

I approach photography as an opportunity to integrate mindfulness practice. By focusing on awareness in the present moment, and acknowledging and accepting one's feelings, thoughts and sensations, my ultimate goal is to create a narrative that showcases authentic moments. My style is bright and romantic, and I love using natural light rather than a flash. I love getting to know my couples and their stories and I consider it a privilege to be beside them during their wedding day. I strive to be that good friend cheering you on and not just another hired vendor.

What experience do you have as a photographer?

I've been photographing since high school. I started out capturing landscapes of places I traveled and after a break to pursue a master's degree in social work, I found my passion for wedding photography. I've been a second shooter for many weddings and have individually captured other weddings and portraits ever since.

Do you only capture weddings?

Though weddings are my primary focus, I do not like to limit myself to one specific type of photography. I have photographed engagements, portraits, lifestyle, Disney vacations, and boudoir shoots as well as an array of landscapes (which are for sale on my website). If you can dream it, I will capture it. If I feel that I cannot serve you well, I will refer you to another photographer.

What do you cover in your services?

I will capture your wedding day from start to finish and will meticulously capture all of the pretty little details. I want to respect the visions that couples have for their weddings and will not leave until that vision has been fulfilled. Since not all couples' needs are the same, I offer different coverages based on need. All services will be agreed upon before the wedding date.

What specific shot list do you have for pictures?

Since not all couples are the same, not all poses will look the same. I don't work from a typical shot list, but will request couples to create a list that they would like to include in their family/formal pictures. I believe some structure throughout the day will help create organization and decrease anxiety of "what next" or "did we forget something?" It also allows the couples to bring their personalities into the pictures if they have a specific request (e.g., champagne toast with wedding party, family picture with grandparents or immediate family). However, I also like to keep things light with more natural and authentic moments..

Do you have a cancellation policy?

Having a background in social work, I try to be as understanding as possible with the phrase "Life does happen." If for any reason something comes up and the wedding cannot be completed as scheduled, I will return all funds EXCEPT for the retainer fee.

Do you have travel prices?

Yes. Depending on stays and travel costs necessary for the day or event. If the location is within an hour drive, there is no charge. I typically go case by case with clients depending on the situation.

Okay, but serious wedding question, what is a second shooter and are they really necessary?

I truly recommend a second shooter. A second shooter provides extra assistance to help capture your beautiful moments and all of your special day. Time flies when you're having fun and things get forgotten. For example, a second shooter can capture the full getting ready process for the groom and groomsmen while the primary photographer spends the morning with the bride and bridal party. Although the primary photographer can schedule the getting ready pictures for both bride and groom, this can potentially cut the amount of overall time spent on other important parts of the day.

Once our magical event is done, how do we get our pictures/print pictures?

I use a private gallery to show your images! You will receive an email and images will be delivered there. If you would like the images to be shared with friends and family, I will provide a shareable link. I typically deliver your images to you in 4-6 weeks. I will send you sneak peaks a few days after the wedding so that you can relive that day over and over again and the wait doesn't feel too long! Once you receive your images, you may print them, create an album, or download them directly from your gallery.

I strongly recommend finding a print shop that truly focuses on paper quality as not all photo shops are created equally (e.g., Walgreens vs. local photography print shops).

Okay I read through this all and realized you're kind of cool, so how do I book you?

All you need is to contact me and we will put a contract together. At the time of signing, the deposit fee will be due (\$500).

Pricing

Reviews

“Brytney did an early morning session for us at Magic Kingdom, it was fantastic! She was so fun my kids loved her. The session was very relaxed. My photos are AMAZING & I will treasure them forever! We will definitely use her again!” -A.C. and her children

“Brytney made me feel so comfortable behind the camera and has a great vision when taking photos. She is so friendly and I received my photos very quickly. She is so talented, and I love her energy! I would highly recommend her, especially if you want to include your dogs/pets in your shoot. She captured my chocolate lab’s personality perfectly! I definitely plan to book again. Thank you Brytney!”

-L.L and her dog, Moose

"I was referred to Brytney through a mutual friend for our engagement photo shoot. My fiancé and I are SOOOO impressed and happy with her work!! She was kind, sweet and helpful. She had so much energy and we felt comfortable with her right from the start. I had some crazy requests and she was attentive enough to meet all my needs. I have a particular editing style I like wanting the photos to reflect a "light and airy" theme, and what can I say, Brytney delivered just that! :) We loved her so much that we asked her to shoot a bridal event for us in June. She made our photoshoot memorable and special, a day we will never forget. I even had a little hiccup with hair and make up and she graciously waited WITH NO COMPLAINTS! "Clients first" is a great way to describe her work. She seemed really excited and respectful of our culture and genuinely seemed like she wanted to learn more, judgement free! THIS GIRL IS TALENTED! Looking forward to shooting with her again!"

Thank you!

I appreciate you taking the time to look at my services. I hope I can be part of your adventure soon! Please feel free to contact me in one of the following ways:
